

PUSHING AHEAD WITH FESTIVAL 2018

The Friends of Brinsley Headstocks (FoBHS) have confirmed Sunday, September 9th as the date for their popular annual Festival.

Formed a decade ago, the volunteer group works with Broxtowe Borough Council to manage the former pithead site as an environmental and heritage resource.

The Festival not only helps FoBHS raise awareness of their activities but it also provides a platform for many other community and charitable organisations to promote their work.

Bookings are now being taken from groups wanting to share in the days programme. Full details on booking a stall or display space are available from the Secretary (email: steadysp2@gmail.com).
